## **Raytheon Technical Services Company LLC**

### **Overview**

With annual sales of \$2.6 billion and 9,000 employees, Raytheon Technical Services Company LLC (TS), a subsidiary of Raytheon Company, provides technical, scientific and professional services, as well as a full spectrum of training services and outsourcing for defense, federal and commercial customers worldwide. It specializes in Mission Support, training, counterproliferation and counterterrorism, range operations, product support, Homeland Security solutions, customized engineering and depot support services. Mission Support—the service Raytheon provides to our customers enabling operational readiness through total life-cycle support that predicts customer needs, senses potential problems and responds proactively with appropriate solutions—enables Raytheon to maintain readiness and deliver operational capability on demand, enhancing customer mission success.

### **Locations**

Headquartered in Reston, Virginia, RTSC operates in 50 states, 101 countries and all seven continents.

### **Customers**

TS customers include all branches of the U.S. Armed Forces, NASA, the Federal Aviation Administration, the U.S. National Science Foundation, Department of Energy, the Defense Threat Reduction Agency, the Transportation Security Administration, and other agencies of the Department of Homeland Security, as well as international governments.

## **Highlights**

TS is one of the United States' premier operators of Department of Defense (DoD) ranges. Our achievements include the largest and most successful full-facility military privatization project in U.S. history, logistics and technical support for U.S. government demilitarization activities in the former Soviet Union, and science support services to the National Science Foundation on the continent of Antarctica.

We also manage some of the world's largest government and commercial training contracts including the Warfighter Field Operations Customer Support program, the Air Traffic Control Optimum Training Solution program and General Motors technician and sales person training. We are also a member of the Metrix Consortium for the U.K. Ministry of Defence's 30-year Defence Training Review program.

Raytheon Technical Services Company...

- Consists of nearly 9,000 employees from physicists to logisticians to engineers
- Supports training for every U.S. Army soldier, NASA astronaut, U.S. air traffic controller and General Motors technician and sales person
- Supports human space flight training and mission operations
- Installs and certifies Federal Aviation Administration and DoD terminal radars and automation systems at airports and airfields throughout the United States
- Provides logistics support to more than 80 percent of major Raytheon programs

## **Raytheon Company**

RTSC is a wholly owned subsidiary of Raytheon Company (NYSE: RTN).
